Chen Lin

Frontend Engineer · 3 years of experience

Summary

Frontend engineer with 3 years of experience in business applications and WeChat mini programs. Proficient in React, TypeScript and reusable components, with experience taking features from requirements to release and improving usability and performance.

chenlin@example.com · 138****0000 · Hangzhou, China · Target role: Frontend Engineer
Available in two weeks

Experience

Xinghe Technology (example) — Hangzhou, China
Frontend Engineer — July 2023 – Present

- Built order management, customer profiles and dashboards with product, design and backend teams.
- Built reusable forms and tables, reducing routine page development time by approximately 30%.
- Reduced initial loading time from 3.2 to 1.8 seconds through route splitting, lazy loading and API improvements.

Internship

Zhixing Digital (example) — Hangzhou, China
Frontend Intern — July 2022 – March 2023

Developed forms, lists and responsive pages for an internal platform and supported testing and fixes.

Projects

WeChat Store Booking Mini Program — March - August 2025

- Led frontend development with Taro, React and TypeScript for store search, bookings and order tracking.
- Improved error feedback, duplicate submission handling and form validation.

Customer Management and Business Dashboard — April - December 2024

Built filtering, exports and analytics using React, Ant Design and ECharts, aligning metrics across departments.

Education

Jiangcheng Tech University (example)
Bachelor of Engineering · Top 15% of class (example)
Software Engineering — Hangzhou, China · September 2019 – June 2023
Coursework: Data Structures, Databases, Software Engineering, Computer Networks and Web Development.
